Email

This document confirms the Agreement between Photographer and Client, which pertains to the Client hiring the photographic services of the Photographer.

Photographer promises to meet with the Client at an agreed upon date and time to shoot several talent headshots of the Client. Immediately after the photography session, the Client promises to pay the Photographer a fee of at least \$150. The Photographer will then work to produce a total of five finalized touched-up photos of the Client. These five final photos will be chosen at the discretion of the Photographer and will be delivered via email to the Client within 72 hours following the photography session. If email service is unavailable, Photographer promises instead to deliver a CD of the images to the Client within 7 days of the photography session. After the five photographs are successfully delivered, the Agreement between Photographer and Client will have been fulfilled.

The Client has the right to reproduce and distribute the photographs without limit. The Client does not have the right to sell or license out any photograph without prior permission from the Photographer. The Photographer retains ownership and all rights to any photographs taken during the photography session.

If either the Photographer or the Client chooses to void this contract, mutual written consent to do so must be drawn by both Photographer and Client.

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their successors, representatives, assigns, and licensees. This letter sets forth the entire and complete understanding between Photographer and Client and may not be altered in any way except by another written agreement signed by both parties.

AGREED AND ACCEPTED BY:

Photographer
